Harbinger Consulting Group (HCG) to Showcase Oracle Hyperion Services at Upcoming ODTUG Kaleidoscope 2008!

Minneapolis, MN, May, 2008 – Harbinger Consulting Group (HCG) announced today its plan to participate in one of the largest Oracle user group conferences of the year, ODTUG Kaleidoscope 2008. Scheduled to take place June 15-19 in New Orleans, Louisiana, Kaleidoscope will provide HCG with an ideal location to target one of its primary audiences, Oracle developers.

HCG provides Oracle Hyperion consulting and training services, which makes ODTUG Kaleidoscope 2008 an excellent vehicle to showcase their BI/EPM solutions. “ODTUG welcomes HCG to Kaleidoscope 2008. This year, the role of Kaleidoscope is critical, as developers face a drastically changing Oracle environment. HCG’s participation is particularly relevant in the education and support of developers during this technological transition,” said John Jeunnette, ODTUG president.

Harbinger Consulting Group (HCG) is a sponsor and exhibitor at Kaleidoscope 2008 and will offer attendees a range of activities including:

Vendor Forum presentation of OBIEE+ , exhibit hall attendance, training curriculum overview, consulting services experts and account representatives on hand to offer expert advise.

To obtain more information about HCG, or to see a full schedule of events, please visit www.harbinger-group.com. For more information about Kaleidoscope 2008, or to register, please visit www.odtugkaleidoscope.com.

About HCG

Harbinger Consulting Group is a leading provider of Oracle’s Hyperion Essbase training, consulting and software. Headquartered near Minneapolis, Minnesota, their Business Intelligence solutions enable companies to optimize business performance, including the ability to analyze data, budget, plan and forecast, generate reports and obtain maximum returns of their technology investments.

Oracle Development Tools User Group (ODTUG)

ODTUG provides an active voice and channel of communication for Oracle developers and users to express needs, requirements, concerns and suggestions to Oracle Corporation. The organization keeps its member community informed of the latest information in tools and development methodology. ODTUG provides topnotch education, training and networking opportunities for professional growth and expertise in the marketplace. For more information about the Oracle Development Tools User Group, go to <http://www.odtug.com>.
