FOR IMMEDIATE RELEASE

### **HCG showcases Oracle's Hyperion education and services at Oracle OpenWorld**

Minneapolis, MN – November 19, 2007-- Harbinger Consulting Group (HCG), a leader in Oracle's Hyperion Essbase training and consulting, unveiled their Enterprise Performance Management (EPM) and Business Intelligence(BI) visions at the recent 10<sup>th</sup> Annual Oracle OpenWorld Conference in San Francisco. This included a roadmap for integrating Hyperion consulting and education services with Oracle's BI Suite Enterprise Edition Plus platform and applications.

"Being a partner with Oracle and participating in this conference enables HCG to construct, market and sell Oracle-based solutions and services," says Joe Axe, Vice President of Business Development for HCG, "It also helps HCG visualize and communicate to their clients exactly where Hyperion fits into Oracle's larger EPM vision."

OpenWorld attendees interacted with HCG's Hyperion product experts over this 4 day event at the Hyperion program partner kiosk to discuss EPM topics ranging from Essbase and System 9, to Hyperion Financial Management and Interactive Reporting.

"HCG's investment at conferences of this magnitude allows us to showcase our services and provides us the opportunity to find out what issues Hyperion Users need to address and solve," says Mr. Axe.

#### **About HCG**

Harbinger Consulting Group is a leading provider of Oracle's Hyperion Essbase training, consulting and software. Headquartered near Minneapolis, Minnesota, their Business Intelligence solutions enable companies to optimize business performance, including the ability to analyze data, budget, plan and forecast, generate reports and obtain maximum returns from technology investments.
