FOR IMMEDIATE RELEASE

HCG Provides National Hyperion Training for UnitedHealth Group

Minneapolis, MN – January 10, 2008— UnitedHealth Group (UHG) selects Minneapolis-based Harbinger Consulting Group (HCG) as their national Hyperion Essbase training provider for staff nationwide. Training sessions, which will occur over a 3 month period, will include approximately 250-275 participants from the United States and Canada.

HCG, a leader in Oracle's Hyperion training will be conducting on-site training at UHG's Minneapolis, MN and Hartford, CT locations as well as distance learning to 14 states and Canada. The training is targeted to Hyperion end-users and power-users focusing on Essbase Spreadsheet Reporting, Advanced Reporting and Report Development.

"The training provided by HCG will allow UnitedHealth Group staff to better utilize the Essbase platform that UHG has already invested in. Those attending the training will see an immediate increase in effectiveness and we are pleased to hear that students are already automating some key reporting processes" stated D.J. Hoelscher, Account Manager at HCG.

United Health Group has recently upgraded their Hyperion Essbase system to include more reporting features and options. Upon completion of the upgrade, UHG saw the impact that nationwide staff training could provide them in increased efficiency of reporting and daily processing.

Training is already underway at the Minneapolis, MN and Hartford, CT locations as well as web delivery nation wide. "This class was taught very well. Our instructor kept our interest in the material and did a great job of keeping us all up to speed and involved," says UHG Financial Reporting Manager Susan Fields, "I would recommend it to anyone interested in learning how to automate Essbase reports. I learned exactly what I needed!"

About HCG
